

Life philosophy

"If you are doing something - do it well"

About Me

Software Systems graduate with a strong focus on web and software development. Recently completed studies at Kauno Kolegija, gaining hands-on experience through coursework and personal projects using modern programming languages and frameworks.

With a background in civil engineering, I bring strong analytical thinking and problem-solving skills into software development. Motivated to grow as a technology professional and apply my skills in a real-world development environment.

Almantas Kederys

Software Systems Graduate

Education

(2021 - 2026)

KAUNO KOLEGIJA HIGHER EDUCATION INSTITUTION

Software Systems

Focused on software development

(2018 - 2021)

KAUNAS UNIVERSITY OF TECHNOLOGY

Civil Engineering

Specialized in building engineering systems.

Experience

(2021 - PRESENT)

ACADEMIC & PERSONAL PROJECTS

Kauno kolegija Higher Education Institution

- Utilized various programming languages to develop software applications as part of coursework in Software Systems.
- Created projects, demonstrating problem solving and technical skills, available on my [GitHub](#).

(2018 - 2021)

CIVIL ENGINEERING STUDIES

Kaunas University of Technology

- Completed coursework, focused on structural design and building systems, enhancing analytical and technical skills.
